Subject: BCACDI Update

1. Therapybc website

MCFD has revamped www.therapybc.ca! Be sure to check out the changes and take advantage of this free job posting resource, including some fantastic free education opportunities for therapists:

www.therapybc.ca/education

They also have a service provider listing: <http://therapybc.ca/wp-content/uploads/2018/05/Therapy-Service-Providers.pdf>, and if your information is not listed or there are inaccuracies, please contact: dion.dhillion@gov.bc.ca

2. May 31st/June 1st Member's Meeting

Updated agenda attached. I must finalize some logistics by the end of this week so please RSVP if you haven't already done so and plan on attending

3. The First Annual BCACDI Data Ask

Thanks to those of you that have provided data to date, as we currently have a response rate of 30%. I've attached an updated framework document in an attempt to provide more context regarding the purpose and history of this project. I realize the Association asking for data is very challenging for those of you new to your position or new to BCACDI without the history and understanding of the years of work that has taken place in this area. BCACDI is committed to continuing work on our Data Project to bring it to a place where all members are confident in our ability to steward data and create reports that effectively enhance our advocacy efforts. We appreciate you raising your concerns and challenges so that we as an Association can address them moving forward, and don't hesitate to contact myself or members of the Board. The piloting of the process this year is an exciting time for BCACDI.

Here's a link to a survey where you can input your data:

4. Training Plan Project

Still recruiting nominations for a Physiotherapist, Speech-Language Pathologist, and Executive Director/Designate for this project! Submit ASAP! I'd like to finalize the Advisory Committee for this project by the end of this week.

Also, we would like to see more applicants for the Project Lead and would greatly appreciate you circulating the attached job posting.
