

Sibling Support Group

for siblings of children with diverse abilities
ages 9-12

The Sibling Support Group provides opportunities for siblings of children with diverse abilities to meet other siblings in a relaxed recreational setting. Through fun games and activities, children share common positive experiences and concerns with other siblings of children with diverse abilities. In the Sibling Support Group, participants have the opportunity to form friendships, learn how other children handle situations commonly experienced by siblings, and discover more about the significance of their siblings' diverse abilities.

Thursdays, April 11-May 16, 3:15-4:15

Comox Valley Child Development Association

Facilitators: Sarah and Beth
