

Does your child have a sibling with diverse abilities?

Please invite them to join our

Virtual Sibshops

for siblings ages 6-12

What are Sibshops?

Sibshops are workshops for siblings of children with diverse abilities! They are opportunities for siblings to come together for peer support and education in a recreational setting. Through fun games and activities, children get to know each other, share common experiences, learn more about themselves and their siblings, and discover more about what being a sibling means to them. And the emphasis is always on having fun!
